

EHI INNOVATION TOUR – “ Meet Our Members” initiative

EHI has released the video of a visit that Secretary General Federica Sabbati, along with EHI Staff, had made to BDR Thermea plant in Mertzwiller.

The video is intended to be the first of a series called “**EHI INNOVATION TOUR**” - **Meet our members initiative**, with the objective of introducing our membership to the public through a fresh, dynamic format.

Those videos are also intended to showcase our heating technologies and the innovation our industry is bringing to the market all across Europe, while discussing issues we care about such as importance of training, upskilling and reskilling installers, also using innovative methodologies.

The first episode has been published on EHI Social media at the following links:
